## U.S.A. Kids helping Kuwaa Kids

**A dynamic way to excite Christian kids to help Kuwaa Christian kids who are in desperate need in Liberia, West Africa**

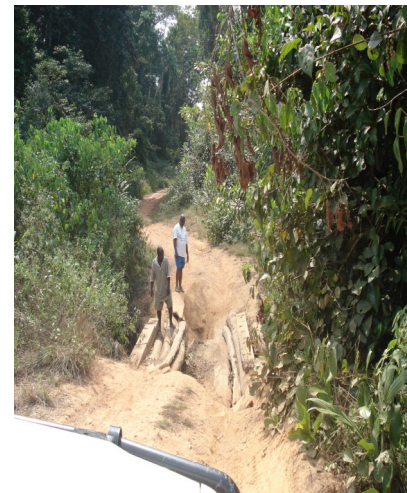

Hi! I'm Brooke in Alaska. I am 11 years old. When I heard about the Kuwaa kids, I knew that I had to help them. I learned so many of them die before they turn 10 years old. They need good drinking water, schools, school supplies, and medical supplies. I started a noisy

offering in our congregation in Peters Creek, Alaska to help my Kuwaa brothers and sisters. I invite all of you kids to join me in helping the Kuwaa kids.

These pictures are of the road that has to be traversed to deliver supplies into the chiefdom. It is only passable during dry time. Presently it costs \$1,800 for a one way load to reach the chiefdom. The trip is 14 ½ hours but only 150 miles. It took 5 trips to get the needed supplies delivered. The Kuwaa Mission needs more cost effective transportation.

**Transportation is a significant prayer item.**

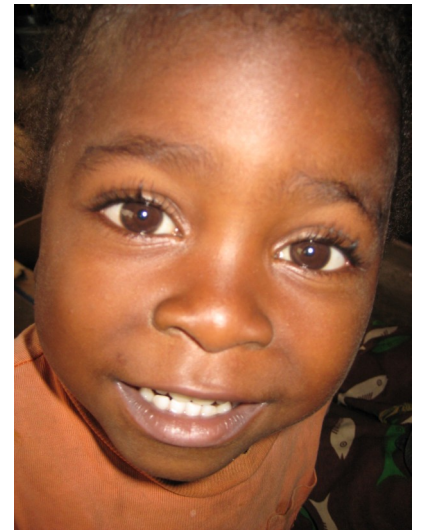

One village school needs help – a broken down wall and a bad roof

To build a building out of mud block instead of mud and stick and a zinc roof, for schools, clinics, and churches costs about \$5,000. Supplies and furnishings are extra. Transporting materials may raise the cost significantly.

*"Brooke, this is where we live - right where the circle on the cross is. You and Kids4Kuwaa sent people here to help us have clean water to drink. Now we can drink the water and not get sick. Thank you, Brooke and KIDS4KUWAA. You are really our friends and brothers and sisters."*

# Parents & Teachers

Kids4Kuwaaw can be started as an individual's effort. It can be a family project, youth group project, Sunday School project, VBS project, or a Parochial School project.

Besides "Noisy Offerings" kids enjoy fund raisers. Kids can write email letters to the Kuwaa kids who write back. It would be best to do a class letter, with a class letter sent back. Praying regularly for the Kuwaa Mission is much needed.

Kids4Kuwaaw is a good model to help parents, teachers, and leaders teach kids about the importance of making small sacrifices to help and love others. It is also a good model to teach the importance for each of us to share the love of Christ in word and deed. It helps to transform us and our kids loving servants just as Christ served us on the cross. This is Christian living! Kids4Kuwaaw is for kids to befriend & help Kuwaa kids. Another project kids

"I have indeed seen the misery of my people... I have heard them crying out... and I am concerned about their suffering. So I have come down to rescue them..."

Exodus 3:7-8

can undertake is to provide funds for a family or a town to get started in animal husbandry or fish farming. The people need tools to farm, rebuild their houses, churches, schools, and medical clinics.

NOTA BENE: We are able to buy things cheaper in Liberia than we can ship materials to Liberia.

The Kuwaa Mission is totally a not for profit organization. We do not pay any salaries. All workers are volunteers here and those that serve as short term volunteer workers in Liberia. 100% of all funds are used to do the work in Liberia and to promote the Mission. Dedicated funds are also possible.

We also have opportunities for adults to become prayer warriors, financial supporters, and short term volunteers. Write and ask for more information or pick up one of our other brochures. We have Kids4Kuwaaw T-shirts available for purchase for the kids and for a fund raiser.
