

AN URGENT REQUEST FROM THE KUWAA MISSION

Dear Christian Brothers & Sisters,

The Kuwaa Mission needs you and your love gifts to help finish the full medical clinic in Kondesu. The Board of Directors decided to finish the project this dry season (Nov.- Apr.). Most of the building blocks are made, some of the building material purchased, and a contractor retained. The people are ready to build. Funds are needed to complete the building project. The clinic includes treatment rooms, patient rooms, reception room, and nurses quarters. That is what the government requires. The Mission also needs to purchase medical equipment and supplies so that the doors can open. The people and especially the children desperately need medical help. Join the Board in prayer that the Lord would bring the project to fruition. Prayers & contributions are the foundation for opening up the doors.

Mud Building Blocks for Kondesu Clinic

Transporting Medical Supplies

For 4 or 5 months the Kuwaa Mission has been rather quiet. Jensen Seyenkulo became the Bishop of the Lutheran Church in Liberia. He is no longer the CEO of the Mission. Dick Thompson & Stan Olsen were on sabbaticals during that time. Ed Stelling went on a 6 week mission trip to China. Last week we were all able to meet vis phone to resume work for the Mission. Stan is the acting CEO until a new CEO can be found. The search is not only for a CEO but for more Board members, and regional representatives. The Mission needs help with presentations, fund raising, and finding volunteers. For more information contact Cindy at: cwellis@kuwaamission.org. Pray about the new leadership for the mission.

The mission still wants to dig more wells, handout more filters, build schools and churches, give school & student supplies out, and hold training workshops, but the focus for this year will be the clinic. The other work projects will resume once the clinic is completed. If you can help with a special donation, it can be sent to Bethany Lutheran Church, 1340 8th Street, Slidell, La. 70458, made out to the church and earmarked for the Clinic Fund or General Fund. The second way to donate is through Pay Pal on the Mission website: www.kuwaamission.org.

Your Christian brother,
Dick Thompson, Advisor to the Kuwaa Mission
